

## Plan Check and Miscellaneous Fees

Plan Check fees are on a per sheet basis unless otherwise indicated by a minimum fee. Depending on the complexity of the plan or document, in addition to the minimum fee, hourly rates and additional costs are applicable. In the case of the Erosion Control, if the plans are included in the precise grading plan, then the grading plan check fee is used.

## Plan Check Notes

Plan check fees quoted above cover three (3) plan check reviews for the minimum fee. Additional fees are based on the billable hourly rate of each reviewer, time and material for additional plan check reviews.

The plan check time required for a project depends on the workload of the plan checkers and the complexity of the project. An approximate plan check time will be given, if requested, at the time of submittal of the plans.
